WOMAN ON HOSPITAL BOARD.

Unique Distinction Held by Miss Bullard of Virginia.

Richmond, Va.—Dr. Irene B. Bullard of Radford, recently appointed by the general hospital board as third assistant physician at the Eastern State Hospital for the Insane at Williamsburg, is the only woman physician in the state and probably in the south holding a responsible official position under a state government in a professional capacity as a doctor of medicine. Dr. Bullard, who is yet in her twenties, looks younger than her years. Her social standing is so high and her beauty so marked that she

could long since have blossomed into a belle, but she would have none of it. She has been a bookworm from a child, devouring subjects far beyond her years, while other girls were yet with their dolls and their toys.

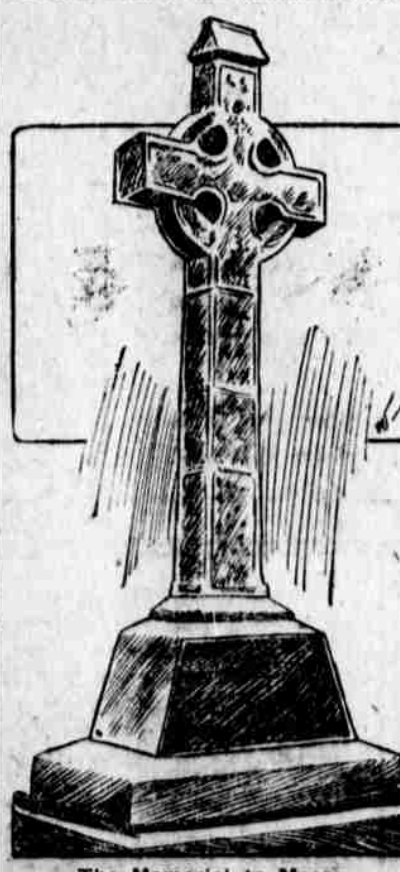

Dr. Bullard graduated from Wadsworth high school, Radford, where she was born and reared, at an early age. She attended a school at Madison, Wis., afterward taking the professional course at Farmville, teaching three years in the public schools of Pulaski after her graduation. But the science of medicine, to which the child had been attracted, now lured the girl, and, broadening her studies as her years advanced, she in time obtained her degree as a doctor of medicine. To achieve this end she became a trained nurse, practicing her profession at the bedside of her patients for several years with great success.

Her medical education began at Boston Medical School, where she spent one year before entering the medical school of the University of Michigan, at Ann Arbor. After three years at this institution she was graduated with high standing, after which she practiced for two years in Birmingham, Ala. Later she returned to her native state and took up her life work among her own people. She is called into consultation in important cases by the oldest and wisest practitioners in Pulaski county, all of whom hold her in high regard because of her learning and ability as a physician.

Dr. Bullard is the youngest daughter of Mrs. Meta G. Bullard and the late Daniel Bullard, who settled in Virginia prior to the civil war. Though a native born Virginian, she comes from Puritan stock, uniting the energy and progressive traits of the Yankee with the warm-heartedness and generous impulsiveness of the south.

poet, was unveiled with imposing ceremonies. Thousands attended the ceremony and green flags and scrolls bearing quotations from the "Irish Melodies" were abundantly in evidence. Among the speakers were Justin McCarthy and John Dillon. M. P. Moore was born in Dublin on May 28, 1779, and died at Bromham, N. 25th of February, 1852. His famous "Irish Melodies" were published between the years 1807 and 1834.

GEO. B. CHRISTIAN JR. ELECTED PRESIDENT

Of the Board of Education for the Ensuing Year.

Census will be Taken to Determine What Shall be Done with Children North of the City

The Board of Education, which has served during the past year, met in special session Monday evening, and adjourned sine die, after which the board re-organized for the ensuing year. The full board, comprising Messrs. M. B. Dickerson, George B. Christian, Jr., R. P. Sweeney, M. Waddell, H. E. Hill and W. B. Spaulding, was present.

Considerable time was consumed in electing a president. The votes were almost equally divided, Christian receiving three and Waddell three, the majority of times. Finally after twenty-five consecutive ballots had been cast, George Christian Jr. received the majority of four votes which elected him.

H. E. Hill was elected clerk of the board on the second ballot. President M. B. Dickerson surrendered the gavel to the newly elected president who received it with a short speech in which he thanked his fellow members for the honor bestowed upon him.

Little school business of real importance was transacted at the meeting. B. P. Sweeney, chairman of the committee recently appointed to wait upon Mr. Frye and compromise upon a settlement on the bill for the Silver street man-hole, made his report. He said that the committee had decided to settle for \$75. The board accepted the committee's report and ordered the bill paid.

In view of providing school accommodations for the corporation line, near the Central Ohio Stone Company's plant, the board decided to have a census taken of this district and determine exactly what kind of a job the board would have on hand should it allow them to attend the city schools.

The board voted to hold its regular meetings on the second and fourth Monday nights of each month. Clerk Hill was authorized to have the annual calendar printed which contains the committee and the program of board meetings. When the board adjourned, it adjourned to meet next Monday night for a regular business session.

AGOSTA COUNCIL

Sets Date for Holding Local Option Election.

At a meeting of the village council Monday night at Agosta it was decided to hold the local option election February 2. The date originally set was December 24 but on account of the mistake of a printer in advertising the election it has to be declared off. The residents of the village are considerably worked up over the approaching election and it is said that there is a fair chance of the vote winning out and placing saloons in the village.

An Effective Riddle.

On one occasion when he was busy President Lincoln received a delegation of men who were endeavoring to hurry the passing of some petty bill. When they entered, Lincoln looked up gravely and said:

"If you call the tail of a sheep a leg, how many legs will the sheep have?" "Five," said the spokesman.

"No," replied Lincoln; "it would only have four. Calling the tail a leg wouldn't make it one."

The delegation departed in discomfiture.—Pittsburg Post.
